SEPTEMBER HEALTH EDUCATION AND WELLNESS PROGRAM—COLORECTAL CANCER SCREENING: Cancer of the colon and rectum remains the third leading cause of male and female cancer deaths in the United States. Colon cancer has a good chance of cure if found early. Unfortunately, early symptoms are few. The best defense against colorectal cancer, or any cancer, is regular cancer related health checkups. Early detection is the key to successful treatment. Screening for colorectal cancer with hemoccult (guaiac) slides will be offered to all KSC/CCAS employees in the month of September. Kits containing the hemoccult slides, special instructions for correct use, a questionnaire and general information will be available at all medical facilities on the following schedule (or upon request to Carol Roth, 867-3414, BOC-005):

Occupational Health Facility (OHF) (Industrial Area)
24 hours a day/7 days a week
Launch Area Clinic (LAC) (MFF) (LC-39 Area)
8:00 a.m. - 4:40 p.m. Monday through Friday

Cape Area Clinic (CAC) (CCAS)
7:00 a.m. - 3:30 p.m. Monday through Friday

(JJ-C)

INFLUENZA IMMUNIZATIONS: The influenza season in Florida will be here in the next few months. You can be protected from the most likely causes of epidemic flu by being vaccinated. Influenza immunization is especially important to those people with known heart, lung, or kidney problems; diabetes, anemia, or a reduced body resistance to infection.

Occupational Health Facility (OHF) (Industrial Area)
7:00 a.m. - 3:30 p.m. Monday through Friday
Launch Area Clinic (LAC) (MFF) (LC-39 Area)
8:00 a.m. - 4:00 p.m. until October 1 Monday through Friday

(AB)

Questions may be directed to your organization's RCO or to Judy Wheeler, Records Manager, 867-4540. (FF-S2-A)

OIG: The Office of the Inspector General is the focal point within NASA for conducting audits and investigations to promote economy and efficiency and to prevent and detect fraud and abuse in NASA programs and operations. The OIG receives and investigates complaints or information about inefficiencies, mismanagement, or gross waste of funds; possible violations of law, rules, or regulations by NASA employees, contractors, or others; or substantial and specific danger to the public health and safety. The Inspector General will not disclose the identity of a person who provides such information without that person's permission, unless the Inspector General determines that disclosure is unavoidable during the course of investigation. NASA employees are protected by law from reprisal for making complaints or disclosing information to the Inspector General. At Kennedy Space Center, call: 867-4714 or 867-4664, or call toll free: 1-800-424-9183, 24-hour answering service, or write: NASA Inspector General, P.O. Box 23089, L'Enfant Plaza Station, Washington, DC 20024. (OIG)

KSC RIDESHARING PROGRAM: The KSC Ridesharing Program assists you in joining existing car/van pools or forming new ones. Forms for the Ridesharing Program are available by calling 867-3420. The information provided on the forms will be fed into a computer which matches people by residential areas and compatibility of work hours. Each person responding will be sent a list of potential car or van poolers. The Brevard County Space Coast Area Transit provides the listings. (FF-S2-D)

GRAPHICS/PUBLICATIONS: Before you begin any work for publication, consult the Sherikon Graphics Department. According to the print shop, approximately three jobs per week have to be reworked because of problems with alignments, reductions, and postscript formats. By consulting with Sherikon Graphics first, you will eliminate wasted time and effort to rework your project. Graphics will ensure your artwork is produced efficiently and is suitable for reproduction. Graphics has electronic transfer capability, a proven method for first quality prints directly from the original, compared to low density reproductions from copied artwork. For information, call 867-3838. (FF-S2-A)
